

Westford currently has a total of 804 acres of conserved land.

These conserved acres will remain open and protected for all time and permanently enhance the rural landscape of our town.

These lands offer access to

such vital things as hunting, hiking, biking skiing or the enjoyment of their scenic views. These conserved lands will eternally contribute to the rural landscape of Westford.

If you have land you are interested in conserving the Westford Conservation Commission can assist you in this process.
