

WCC Mtg. 12/10/08

Attendees: Chris Dawson, Joe Fay, Pat Hechmer, Chuck McGill, Mike Nelson, Sarah Pinto, Mark Peloquin

Two members of Cambridge Conservation Commission attended as guests

Conservation

Work continues on creating an overlay map of unfragmented forest, deer wintering and deer crossing areas, and prime agricultural soils. The group is working from maps where the State of VT has defined these areas.

Trails

The committee has filed for a VT recreational trails grant (VT DOT). The application was filed well ahead of the 1/15/09 deadline.

As part of a school project, Diane Siegriest and her classes are mapping the school trails using a GPS. The 1st and 2nd grade classes are also naming the trails.

Signage for the school trails is ready to post. These first signs will be trail etiquette signs.
